WINDSOR- CITY OF ROSES

SOUTH OF THE BORDER

Windsor, Ontario, with a city population of 198,722 and a metropolitan population of 247,600 is Canada's largest city on the U.S. - Canada border. It is situated on the Detroit River (one of the world's busiest waterways) opposite Detroit, Michigan and is, in fact, south of Detroit and many other parts of the United States.

During the 1979 season (252 days) vessel passages in both directions on this river totalled 11,281 (exclusive of passenger and sand boats) — an average of 45 per day, or one vessel every 30 minutes. On this great inland water route, a part of the Great Lakes System, ply ships as long as 730 feet, carrying finished products and raw materials (iron ore, coal, limestone, grain, etc.) to and from the markets of the world.

The area's southerly location and its mild climate have earned it the name "Sunparlour of Canada". And that it is. Windsor is connected with United States by the Ambassador Bridge, the Detroit-Windsor International Tunnel, as well as a railway tunnel, railway car ferries and barge services. With all these connections, Windsor is one of Canada's busiest ports of entry and the Sunparlour is one of Canada's busiest tourist areas (there cross in both direction each year over 12 million persons, of whom over 6 million are American visitors to Canada) with fine beaches, sports fishing and hunting, boating, horseracing and automobile racing, nature preserves and historic sites and a wide range of fine restaurants, hotels and nightclubs.

MUNUFACTURING TODAY

Entrepreneurial optimism is measured by input. Manufacturing strength is measured by output. In 1978, private and public investment into Windsor's manufacturing sector was in excess of \$310 million. In the same year, over 700 manufacturers produced a diversity of product valued at \$5 billion.

Optimism in Windsor's AUTOMOTIVE abilities can be measured by investments over \$1 billion on the part of the Big Three. In December, 1977, General Motors of Canada Ltd. announced plans for a \$400 million, 270,000 square foot expansion program which will provide 1800 new jobs for the city by 1980. Ford Motor Company of Canada Ltd., presently retooling their existing facilities to the tune of \$90 million, this year broke ground on a one million square foot, \$633 million aluminum casting and engine plant which will provide the city with an additional 2800 new jobs in 1980. While Chryslers, having completed a new \$80 million van plant are currently in the midst of a 150,000 square foot expansion to their engine plant. Today CHRYSLER, FORDS, GENERAL MOTORS and such important supplier companies as KELSEY HAYES, BENDIX, GULF & WESTERN, NATIONAL AUTO RADIATOR and CHAMPION SPARK PLUG make the most of their location adjacent to Detroit and the Canada - U.S. Auto Agreement, to produce goods valued at \$3.8 billion and to employ a labour force of 31,400. Windsor is not only Canada's primary manufacturer of TRANSPORTATION EQUIPMENT but at the same time, a major supplier to the U.S., midwest and overseas.

The region's mild climate and long growing season has fostered optimism in Windsor's FOOD & BEVERAGE industry ever since

HIRAM WALKER established his distillery here in 1858 making Windsor the "Home of Canadian Club" and a nationally known food & beverage centre. Today this optimism continues. MAPLE LEAF MONARCH COMPANY is presently constructing a \$37.5 million facility — Canada's largest vegetable oil extraction and processing plant on Windsor's waterfront. Also under construction is UNITED CO-OPERATIVES OF ONTARIO'S grain storage elevators and export terminal facilities on a 30 acre site adjacent to Maple Leaf Monarch. In 1978, forty processing companies including such well known names as GREEN GIANT, CHUN-KING, DAINTY RICE, WINDSOR PACKERS (Regal Brand Meats), CANADIAN CANNERS (Del Monte products) and LEWIS-HOWE (Tums for your tummy), combined to produce \$435 million of product and employ 2500 workers.

MEAT FABRICATING AND MACHINERY is another \$200 million industry in Windsor, employing 4,500 skilled - most of them highly specialized - production workers. Optimism generated by the auto industry has made such Windsor based plants as ITL, TOLEDO SCALE, DOMINION FORGE, HAWKER INDUSTRIES, McINNIS EQUIPMENT, F. JOS. LAMB and EX-CELLO CANADA primary suppliers of conveyor systems, weight scales, castings, forgings, stampings, tools and dies.

And Windsor's CHEMICAL INDUSTRY which included such companies as WYETH PHARMACEUTICALS, and SCHERER companies and INMONT FINISHES produce in excess of \$150 million - paints and laquers, metal working compounds, pharmaceuticals and vitamin preparations.

Other "Made in Windsor" products include items as diverse and indispensable as furniture and fishing tackle, playing cards and plastics, lasers and laminates, toilet seats and tents. Such international companies as HELIN TACKLE, INTERNATIONAL PLAYING CARDS (Bicycle and Bee Brands), OLSONITE, CURTIS COMPANY, and CANADIAN SALT (Windsor Brand Table Salt) combine to produce the remaining \$415 million of goods. All made in Windsor.

Add it up or break it down, optimism has made Windsor the sixth largest manufacturing centre in Canada - ahead of such centres as Oshawa, St. Catharines, London, Calgary, Sarnia, Winnipeg, Kitchener - Waterloo, Edmonton and others.

INDUSTRIAL DEVELOPMENT

Windsor is the Canadian business location with the bonus U.S. market. Just one mile south of Detroit, it is the only place in Canada with 5 million people within a 30 mile radius - and 55 Million people within 300 miles. This tremendous market for manufactured goods, along with the Canada-United States Automotive Trade Agreement and ample natural utilities and land resources, makes Windsor an ideal location to serve both the U.S. and Canadian Markets. And in order to maintain a strong industrial base Windsor offers a prospective investor 5 industrial parks, fully serviced with ample room to expand, all connected by an expressway providing access to the 401 and the U.S.

ITS GOT CONNECTIONS

Freeways, railways, seaways, airways transportation all

ways, always. Movement is the name of the game in Windsor.

Settled more than 200 years ago by Coureurs de Bois . . . fur traders who paddled their canoes up the lakes to the narrows d'etroit . .

Windsor began as an inland port. The opening of the St. Lawrence Seaway in 1960 made Windsor truly a deep water port. Today the Port of Windsor is a fully serviced port open from April to December providing concrete slips, container facilities, over 50 acres of storage, rail facilities and bonded warehouses handling 3 million tons of cargo annually.

The railway came to Windsor in the 1800's. Five in all, bringing new industry as well as new means of transportation. Today, the city is serviced by the Chessie System, Canadian National, Canadian Pacific, Norfolk and Western, Con Rail and the Essex Terminal a local switching railroad. Con Rail connects the U.S. and Canada via a railroad tunnel beneath the Detroit River, while barges above interface the CN and Norfolk and Western.

Those same 1800's saw the building of the first primitive road from Windsor to Niagara. Today the city is serviced by a network of highways including the MacDonald Cartier Freeway, and lane divided highway uniting industrial Ontario from Montreal to Windsor. And Windsor is not the end of the road. The City is connected to the U.S. Interstate Freeway system by vehicular bridge and tunnel.

With the twentieth century came the airplane and Windsor Airport. Windsor airport can handle both the pipers and the jumbos and has regularly scheduled air freight and passenger service. Nearby Detroit has two large U.S. airports in Metropolitan Airport and Willowrun, both within 18 miles of the Detroit-Windsor border.

DESIGN FOR BETTER LIVING

Windsor was one of the first major cities in Canada to adopt the Council-Manager system of government. This system has now been in effect for 22 years and has been very successful in terms of providing the community with a professionally directed municipal administration and enabling the elected representatives to concentrate on general policies and long term matters.

Municipal projects such as road building and improvement, sewer and watermain extension, construction of schools, libraries and other public buildings and provision of parks and recreational facilities are undertaken according to long range, capital spending programs that are co-ordinated with the Official Plan. This comprehensive approach has enabled Windsor to retain one of the lowest per capita debt ratios of all the cities in Ontario at the same time as it provides the basic municipal services needed for sustained growth.

An important part of the program in this age of environmental concern is the provision and improvement of sewage treatment facilities. The plant which will treat sewage from the western two thirds of the city has been completed. The plant serving the rapidly growing eastern sector has had its capacity doubled and will handle sewage from the neighboring municipalities of Tecumseh and St. Clair Beach as well.

Windsor's program of downtown and riverfront redevelopment and beautification, begun in 1956, is still proceeding. This program has produced the convention area downtown with the Hiram Walker Historical Museum (1958), Dieppe Gardens (1960), Cleary Auditorium and Memorial Convention Hall (1960), the Holiday Inn, cinema and

office complex (1967), the beautiful new Art Gallery of Windsor, a the spectacular Coventry Gardens coloured Peace Fountain. In addition, private restoration of older structures has provided attractive boutiques in this area.

The city's riverfront program has resulted in the extremely attractive riverfront park system which has opened up more than three miles of the city's waterfront to public use. The third area of concentration has been in the Civic Centre area with the Municipal Courts Building (1957), City Hall (1959), Essex County Court House (1963) (enlarged in 1978) and the Police Headquarters (1969). Several noninstitutional projects have also been completed in this area — Goyeau high rise apartments, Provincial Government Building, multi municipal parking garages and subsidized housing for senior citizens and low income families.

Private development — of office buildings, hotels, apartments and other commercial projects — has kept pace with public activity. Notable among recent private developments are the construction of the east end and west end shopping centres (Tecumseh Mall and University Mall), as well as the continued and ongoing expansion of the Devonshire Shopping Centre, a greatly expanded and renovated YM-YWCA, and the new high-rise apartment and office building, The Westcourt.

EDUCATION — GATEWAY TO PROGRESS

Metropolitan Windsor has excellent facilities for education of 71,042 full time students (1979). There are 151 elementary schools in the metro area. At the secondary level, there are 23, offering a wide range of course and subject options.

Post secondary education (10,380 full time students — 1979) include the University of Windsor with Holy Redeemer, Canterbury and Iona Colleges as affiliates, and the Assumption University. Windsor federated within the new University; the Windsor Teachers College — part of the University (1962), and The St. Clair College Applied Arts and Technology. Windsor is the first city in Ontario to have "language lab" courses in elementary and secondary schools.

Opportunities for all types of year round recreation are available here and for restoration and protection of health (five hospitals, Essex County Sanatorium, Victorian Order of Nurses and Red Cross Units). All the basic voluntary health, welfare and social agencies (42) are supported financially by the United Community Services Greater Windsor established originally in 1947.

"AND PURE RELIGION BREATHING HOUSEHOLD LAWS"

There are approximately 128 churches and two synagogues in the Windsor area, embracing a wide group of religious affiliations.

PIONEERING IN MEDICINE — SOCIOLOGY — WELFARE

In the field of sociology, health and general welfare, Windsor has given a generous share of leadership. In 1949, Windsor established the first Child Guidance Clinic in Canada. In 1919 there was established in the Windsor area the first amalgamated health unit in Canada comprising six communities. A larger unit for the entire county area (excepting Pelee Island) came into operation July 1, 1950. Windsor Medical Services Inc. (Windsor) was the first doctor sponsored, prepaid community medical plan in Canada. Prescript Services Inc. (Windsor) was the first prepaid, voluntary medical

prescription service in existence. The Windsor Cancer Clinic, opened in 1935, is one of the original cancer clinics sponsored by the Ontario Government. Windsor is one of the first four Ontario communities to establish (1954) homes for senior citizens. At present there are 650 such units for individuals and 1615 for couples. . . . In 1955, the first community co-ordinating centre for rehabilitation services in Ontario was established here. Windsor is among the first to have a Senior Citizens' Centre. Windsor's million dollar Huron Lodge, one of the finest homes for the aged in Canada (158-bed capacity), was completed in 1961. In 1967, an addition was completed bringing the capacity to 252 beds.

A FREE PRESS — BASTION OF DEMOCRACY

Windsor and Essex County 318,319 total 1979 population), enjoys the news services of an outstanding Canadian daily newspaper the Windsor Star, nine weekly newspapers; Radio Station CBE (1550), CBEF (French), CKWW (580), CHYR (710 - Leamington), CKLW (800), plus two FM stations, (CKLW-FM and CJOM), Global-TV (22) and CBET-TV (9) one of the most powerful (325,000 watts) television stations on the North American continent.

DRIVE SAFELY — THE LIFE YOU SAVE MAY BE YOUR OWN

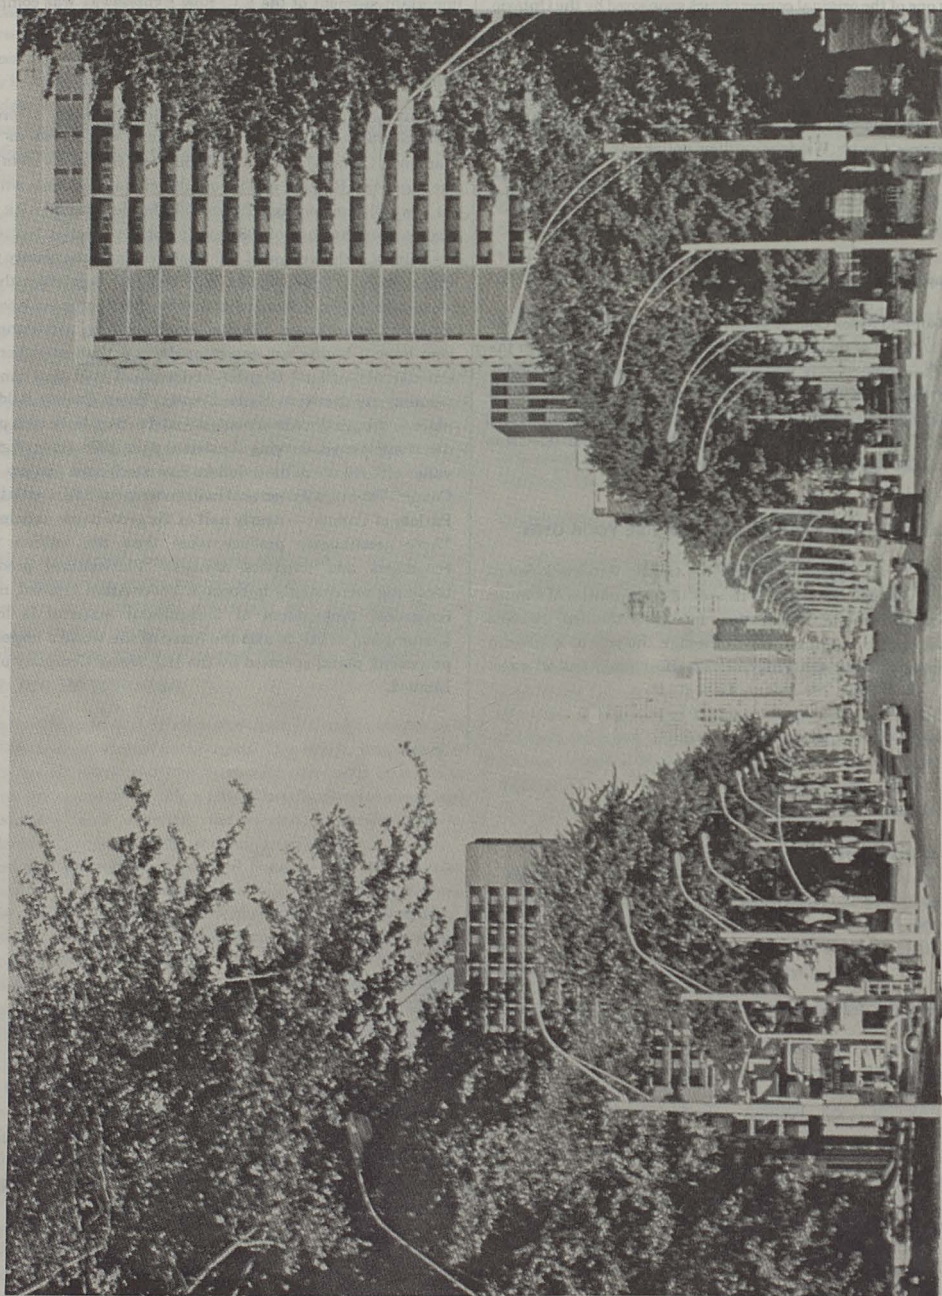

In spite of an increasing volume of traffic, Windsor's record compares favourably with traffic records of communities of similar size. Area automobile registration for 1978 totalled 104,660. Automobile traffic entering Canada through the port of Windsor in 1979 amounted to 3,991,469. Progressive traffic change and off-street

parking facilities are being constantly studied and improved. An important segment of the E.C. Row Expressway was completed in 1973, with progress being made on the balance.

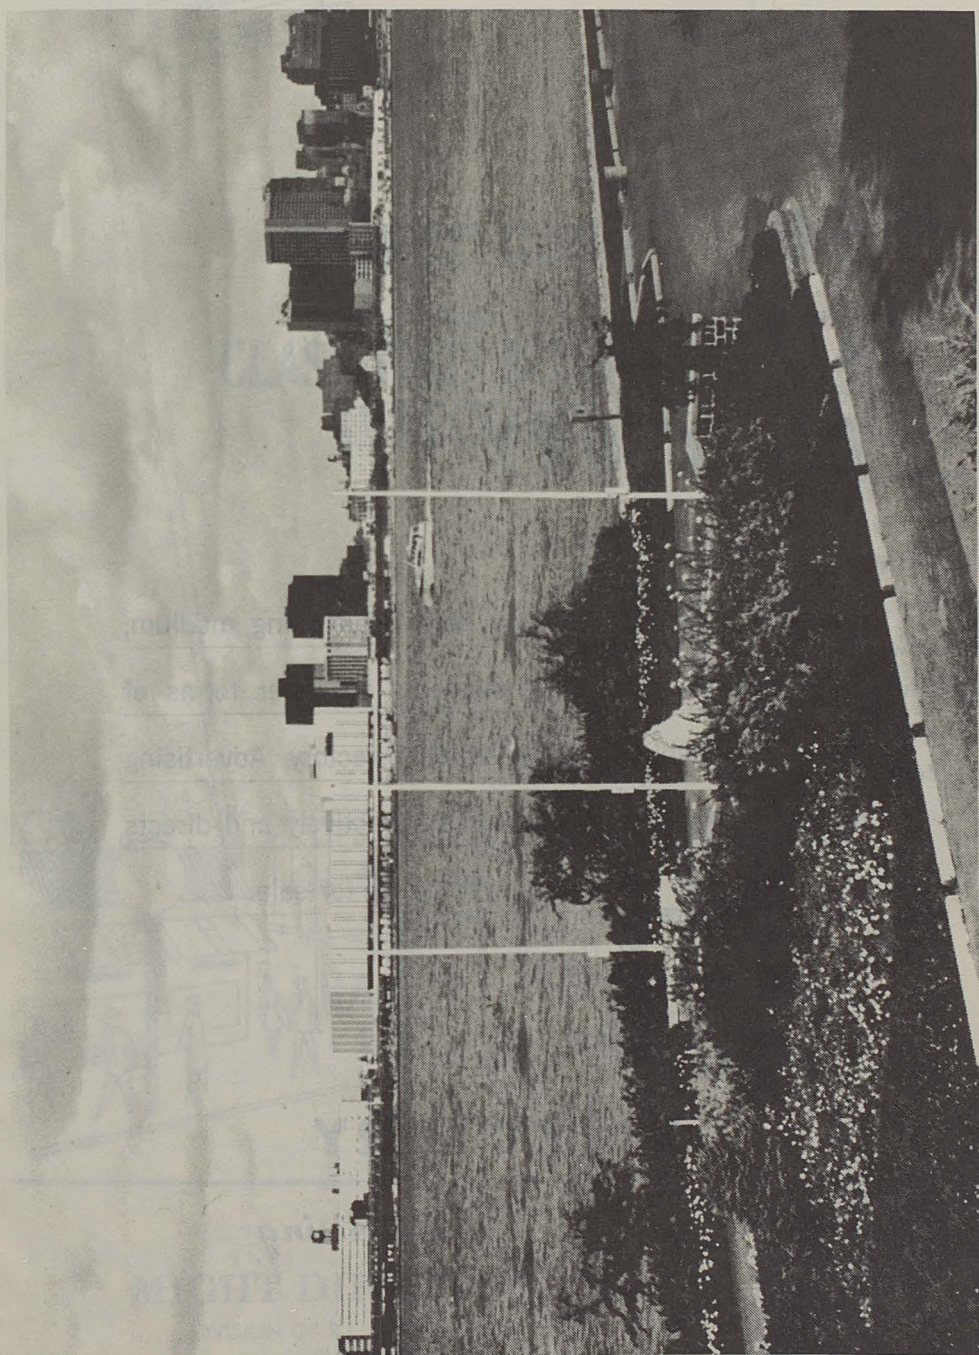

SUNSHINE AND MELLOW FRUITFULNESS

Windsor's industry is well balanced with a prosperous agricultural community in Essex County, well known as the "Sun Parlour of Canada" where over 40 different fruit and vegetable crops are produced. Because of a favourable climate (average winter high 33, low 20; summer high 79, low 62), fertile soil and long growing season (from average of 208 days in northern section to 216 days in the south), with average of 165 frost-free days, the county produces fruit (peaches, pears, apples, cherries) and vegetables that reach market one to five weeks earlier than any other area in Canada: corn, soy bean, wheat, oats, tobacco, sweet potatoes, asparagus. Farms here have a higher per capita production than anywhere else in Canada. 51% of total Ontario production of field crop tomatoes for canning are grown in Essex County. Essex County holds second place in the province in acreage devoted to fruit trees with peach and dwarf apple trees showing consistent gain. 1978 census figures set a value of over \$6 million dollars live stock and poultry in Essex County. There are 250 acres of land under grass and plastic in the Sun Parlour of Canada — nearly half of the greenhouse area in Canada. These greenhouses produce more than \$20 million worth of cucumbers and tomatoes annually. Floricultural products are becoming increasingly important. Yoder-Atkin Limited, nationally recognized propagators of flori-cultural material is located in Leamington, which is also the home of the world's largest tomato processing plant, operated by the H.J. Heinz Company of Canada Limited.

Treelined Ouellette Avenue into Windsor's downtown business district.

**THE CITY DIRECTORY IS THE NATURAL MEDIUM FOR KEEPING
A BUSINESS OR PRODUCT NAME IN THE SPOTLIGHT.**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

CAUTION...

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-cheque artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-cheque "operators".

**Dedicated
To Those
We Serve**

Lieu propice aux affaires canadiennes accès facile au marché américain.

Windsor et le comté d'Essex constituent l'endroit idéal pour le monde des affaires canadiennes tout en offrant l'avantage d'un accès facile au marché américain.

Windsor-Essex est au centre du Canada. De chez nous toute marchandise peut atteindre Toronto, Ottawa et Montréal en moins d'un jour. Nous avons en abondance: gaz naturel, électricité, eau douce, locaux industriels et l'espace nécessaire à votre développement.

Mais Windsor-Essex est aussi le centre des États-Unis. Detroit est simplement de l'autre côté de la rivière. Chicago, Cleveland, Cincinnati et Pittsburgh sont toutes des villes situées à moins de 400 km, accessibles par d'excellentes autoroutes. Et nous sommes favorisés par les bénéfices d'un marché commun en ce qui concerne l'industrie automobile, les machines agricoles et la fabrication d'armements.

Étant l'un des plus grands centres manufacturiers du Canada, Windsor-Essex a une main-d'œuvre spécialisée et efficace ainsi que des infrastructures industrielles et sociales complètes. L'industrie automobile, ainsi que la fabrication de produits alimentaires, métallurgiques, chimiques et pharmaceutiques sont les branches principales de notre industrie de transformation.

Sur la voie maritime qui va des Grands Lacs au Saint-Laurent, Windsor est un port transatlantique. Il est aussi près du Havre que New York ou tout autre port atlantique.

Windsor-Essex a le climat le plus doux de l'est du Canada. A la ville comme à la campagne, c'est un endroit de résidence idéale. Et la région offre un petit milieu français... avec des écoles élémentaires et secondaires francophones et des postes diffuseurs français de radio et de télévision.

Veuillez nous appeler pour des informations ou de l'assistance à faire des affaires à Windsor-Essex.

The Canadian business location with the bonus U.S. market.

Windsor and Essex County is the Canadian location with the bonus U.S. market.

Windsor-Essex is in the middle of Canada. Toronto, Ottawa and Montreal are all within overnight shipping distance. We have ample natural gas, electricity, fresh water, industrial estates and room to grow. Plus abundant, competitively priced steel, aluminum, plastic resins and other raw materials.

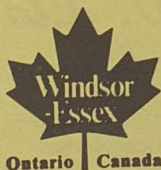

But Windsor-Essex is in the middle of the U.S., too. Detroit is just across the river. Chicago, Cleveland, Cincinnati and Pittsburgh are all within 400 km on excellent motorways. And we enjoy the benefits of a common market with the U.S. in motor cars and parts, farm machinery and defence production... plus customs regulations that give manufacturers more flexibility than foreign trade zones and some interesting R & D support and other tax advantages.

Windsor-Essex has a skilled and productive labour force and a comprehensive industrial and social infrastructure, being one of Canada's largest manufacturing centres. Leading products of the area include motor cars and parts, foods and beverages, machinery and tooling and chemicals and pharmaceuticals.

Windsor is a deepwater port on the Great Lakes - St. Lawrence Seaway. It is as close to London or Liverpool as New York and other Atlantic ports.

Windsor-Essex has the mildest climate in eastern Canada. It's a pleasant place to live, either in town or in the country. With a university, a beautiful art gallery, and active symphony... and a multitude of golf courses, sandy beaches, fishing waters and major league sports.

For additional information on Windsor-Essex and our 50 page book in your choice of English, French, German or Italian, plus confidential location assistance, contact us now.

CAUTION . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

USE YOUR ALPHABETICAL DIRECTORY FOR

— *Efficiency...* IN EVERYDAY BUSINESS TRANSACTIONS

Accurate names and titles for
correspondence
Complete Mailing Addresses
including apartment numbers
Identifies signer of letters, statements
or checks

Changes in employment, address, etc.
for up-dating files
Accurate corporation and company
names and principal officers
Identifies payments on accounts with
same or similar names

— *Investigations ... SAVES TIME AND CUTS COSTS*

Identifies individuals, applicants, etc.
Verifies employment
Shows wife's name and employment
Locates references and relatives

Householders identified
Shows information about people
without telephones
Indicates "double-income" families

— *Cashing Checks...* PROTECTS AGAINST BAD CHECKS

Identifies the stranger
Verifies address, occupation,
employment

Reveals possible false statements
Provides information for
"test" questions

— *Collections...* RECOVERS \$\$\$ FROM UNPAID ACCOUNTS

Traces "skips," shows where now
living
Indicates job "skip" now has and
where employed

Locates relatives of "skip" shows
their address and employment
Locates former business associates,
friends and others who knew "skip"

— *Try This...* (OLD N.G.'s, DELINQUENTS AND "RETURNED AS UNCOLLECTABLE")

Look up the names in your newly delivered city directory. Changes of address may be found.
Check for employment. New employer may provide a contact. This should be a standard
procedure as soon as you receive your copy of the new city directory.

— *Sales...* A POWERFUL SALES TOOL

Where Employed?
Indicates earning potential, buying ability
Multiple Sales Opportunities
Identifies business interests
Indicates buying power of neighborhood
Business Owner? Officer?
Who's who in your community?
Identifies business associates, additional
prospects, leads
Business Firm? Corporation?
Principal Officers, owner, partners,
manager, director
Shows location of branch offices
Type of business or services

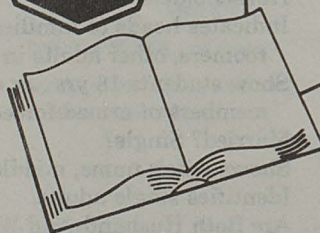

Householders
Indicates heads of families,
roomers, other adults in family
Show students 18 yrs., or over,
members of armed forces, retirees
Married? Single?
Shows wife's name, middle initial
Identifies single adults.
Are Both Husband And Wife Employed?
Identifies double-income families
Shows when evening call is required
Permits detailed qualification and
selection of prospects

Special Abbreviations Used In This City Directory

CAF—Canadian Armed Forces
CIL—Canadian Industries Ltd
